22.1. We employ the use of cookies. By using the Service you consent to the use of cookies in accordance with Service policy. Some of our affiliate / advertising partners may also use cookies.

23. INTEGRATED CURRENCIES

23.1. The list of following Cryptocurrencies is implemented on the Service:

23.1.1.Bitcoin (BTC)

Bitcoin is an original cryptocurrency - a form of an electronic cash. Bitcoin carries the ticker BTC and currently the largest cryptocurrency on the market.

23.1.2.Bitcoin Cash (BCH)

Bitcoin Cash is a split from an existing cryptocurrency, Bitcoin. Bitcoin Cash carries the ticker BCH.

23.1.3.Litecoin (LTC)

Litecoin is one of the first cryptocurrencies that were created after Bitcoin. Litecoin carries the ticker LTC.

23.1.4.DASH

Dash is a cryptocurrency based on Bitcoin software. Dash carries the same name ticker DASH and supposed to be next-generation digital currency that solves some weak points of a Bitcoin.

23.1.5.Dogecoin (Doge)

Dogecoin is a cryptocurrency based in Bitcoin Software. Dogecoin carries ticker DOGE and was created as a “joke currency” but quickly exploded onto the market.

23.1.6.Ethereum (ETH)

Ethereum is an open-sourced, blockchain-based distributed computing platform and operating system featuring smart contract functionality.

Ethereum carries ticker ETH and being one of the largest cryptocurrency in the market.

23.1.7.Monero (XMR)

Monero is an open-source cryptocurrency created that focuses on privacy and decentralization. Monero carries a ticker XMR.

23.1.8.Ripple (XRP)

Ripple is a cryptocurrency providing possibility to send money globally via blockchain network in the same manner as Bitcoin does. Ripple carries the ticker XRP and currently one of the largest cryptocurrency in the market.

23.1.9.Ethereum Classic (ETC)

Ethereum Classic is a split from an existing cryptocurrency, Ethereum. Both blockchains are identical in every way up until block 1920000 where the hard-fork occurred. Ethereum Classic carries the ticker ETC.

23.1.20.Polkadot (DOT)

It's the blockchain that aims to deliver...blockchains! It's a versatile coin, if Ethereum is a ninja, this is like having your own mini-robot ninja you can command with far more grace and ease than the old way of creating your

own tokens.

23.1.21.Raven (RVN)

It was one of the earlier coins promising the world of NFT's before it already came to pass, its technology is much like Bitcoins original - a true and proven method. Nothing super fancy but that in itself is magic, it's a handy swiss army knife with nothing screaming confusion, unlike Mr. Ninja Eth.

23.1.22.Horizen (ZEN)

This is trying to be the impregnable bunker of crypto; all blockchains have some vulnerabilities (albeit very difficult ones to overcome). This coin promises to be far more secure, private whilst still relatively flexible for side-chains than its competitors. We will see!

23.1.23.SHIBA INU

It's a dog. Sound familiar? Well, here we are again.....Unlike Doge, there's nothing actually unique technology-wise, it's just an ETH token. Why does it exist? Because doge did it first! Wait. What?

23.1.24.Solana (SOL)

Solana is a highly functional open source project that banks on blockchain technology's permissionless nature to provide decentralized finance (DeFi) solutions.

23.1.25.Fantom (FTM)

GDPR compliance

What is the GDPR?

The General Data Protection Regulation (“GDPR”) is a European privacy regulation which replaced EU Data Protection Directive (“Directive 95/46/EC”).

The GDPR aims to strengthen the security and protection of personal data in the EU and harmonize EU data protection law.

To whom does the GDPR apply?

The GDPR applies to all organizations operating in the EU and processing “personal identifiable data” of EU residents. Personal data is any information relating to an identified or identifiable natural person.

If a company collects, transmits, hosts or analyzes personal data of EU citizens, it must comply with the General Data Protection Regulation (“GDPR”), which is enforceable since May 25, 2018. Our Terms Of Use has been updated to provide customers with contractual commitments regarding our compliance with applicable EU data protection law and to implement additional contractual provisions required by the GDPR. Our contractual commitments guarantee that customers:

- can request from data subjects to obtain, correct, unsubscribe or delete personal data;
- will be made aware of and report personal data breaches to relevant supervisory authorities and data subjects in accordance with GDPR timeframes.
